ABOUT ME

Detail-oriented Team Leader with over 3 years of progressive experience in survey research operations, data management, and business intelligence reporting. Proven track record of advancing from Research Analyst to Senior Research Analyst to Team Leader within the same organization by consistently maintaining accurate survey data records, building insightful dashboards in Power BI and Excel, and presenting actionable reports to senior decision-makers. Skilled in Advanced Excel, Power BI, SQL, Python, and Google Looker Studio, with recent certifications in data science, business analytics, and prompt engineering.

PROFESSIONAL EXPERIENCE

Stagnate Research PVT. Ltd | Noida

Team Leader — **SEP 2026-NOW**

- Lead a team of research associates, overseeing end-to-end survey data collection, validation, and record maintenance.
- Design and manage interactive dashboards and reports in Power BI and Excel to visualize survey findings for stakeholders.
- Present data-driven insights and recommendations directly to organizational decision-makers to support strategic planning.
- Mentor and guide research associates and analysts to ensure data quality and reporting consistency.

Senior Research Analyst — **APR 2025-AUG 2026**

- Maintained and audited large-scale survey data records collected by research associates, ensuring accuracy and completeness
- Built Power BI and Excel visualizations to track survey trends and key performance indicators.
- Prepared and delivered regular reports and presentations to management for informed decision-making.
- Supported process improvements in data collection and reporting workflows, contributing to promotion to Team Leader.

Research Analyst — **AUG 2023-APR 2025**

- Maintained day-to-day data records of surveys conducted by research associates.
- Analyzed and visualized survey data using Excel and Power BI to identify patterns and trends.
- Assisted in preparing reports presented to decision-makers within the organization.
- Ensured data integrity and consistency across multiple ongoing survey projects.

CORE SKILLS

- Advanced Excel (formulas, pivot tables, dashboards)
- Power BI (data modeling, DAX, interactive dashboards)
- Google Looker Studio (Google Data Studio)
- SQL & Relational Databases
- Python for Data Analysis
- Survey Data Management & Reporting
- Stakeholder Presentations & Business Communication
- Team Leadership & Mentoring

CERTIFICATIONS

- Data Science Essentials with Python — Cisco Networking Academy (Jun 2026)
- Business Analytics with Excel — Microsoft (Jun 2026)
- SQL and Relational Database 101 — Cognitive Class (Issued Jun 2026, Expires Jun 2030) — Credential ID: 15da1aa63ff84728a4a66423156effaa
- Foundations of Prompt Engineering — Amazon Web Services (AWS) (Jun 2026)

KEY PROJECTS

Multi-Project Survey Research & Reporting

- Managed data for multiple concurrent survey and secondary-research projects, coordinating with research associates who collected raw data from secondary sources.
- Consolidated, cleaned, and analyzed incoming survey data in Excel, applying formulas and pivot tables to identify trends across projects.
- Converted analyzed data into interactive Power BI dashboards for each project, enabling decision-makers to review project-specific insights.

Live Database-to-Power BI Integration via API

- Connected the organization's database directly to Power BI using API integration, enabling real-time / live tracking of survey and research data.
- Set up automated data refresh from the database through the API, eliminating manual data uploads and keeping dashboards continuously up to date.
- Enabled decision-makers to monitor live project progress and survey metrics in Power BI without waiting for periodic manual reports.

EDUCATION

- Graduation (B.Sc.) — Swami Vivekanand Subharti University (Open) — 70% — ZBC (Zoology, Botany, Chemistry) Specialization
- O Level — Grade B — Subjects: Python (A Grade), IoT (A Grade), IT Tools & Business Systems: Excel, Power BI, SQL (B Grade)
- 12th — S.D.I. College, Madhuban, Mau — 76.9% — PCB (Physics, Chemistry, Biology)
- 10th — S.D.I. College, Madhuban, Mau — 89.5% — Science Stream
